Subject Aerial photos Gardnerville area

History:  This message has been replied to.

Aaron – Oh, BTW great joke "John Apple"! For aerial photography I would talk to:

Nevada Aerial Mapping (talk to David Gray)
Bus: 775-673-6000
2175 Green Vista Drive, #207
Sparks, NV 89431

If there is any survey / topo support needed don't hesitate to give me a holler or just for help with contacts in that area. The below web site sometimes is a good resource of historical info.

<http://keck.library.unr.edu/>

Take care.
